WATER TREATMENT SYSTEMS

www.filteksuaritma.com

The Only NSF Certified
Manufacturer Of Turkiye

ABOUT US

Filtek Filter and Water Treatment Systems Industry Inc. has been operating in the water treatment sector since 2004. Our company is proud of being the first domestic and leading manufacturer company in Turkiye by starting production in 2009.

Our company makes continuous investments with the awareness and responsibility of being the leading company in the sector; we have established the first domestic water treatment tank factory under the name of TR Tank in 2020, and we took our place in the sector as the only company in Turkiye and one of the few companies in the world that produce water treatment tanks.

Our main factory and TR Tank factories are located in Arnavutköy, Istanbul. On a total area of 16.000 m2, with 12.000 m2 area of the main factory and 4.000 m2 area of the TR Tank factory, we have 350 employees.

We continue our activities from our regional offices and main sales stores.

Annual Production Capacity

240.000 PCS
Water Treatment Devices

840.000 PCS
Water Storage Tanks

9.000.000 PCS
Filters

5.000 m2
Total Open Area

2
Factories

16.000 m2
Total Closed Area

350
Employees

Quality Water For Quality Life

Properties
Plug & Rotate Sediment Filter
Plug & Rotate GAC (Granule Active Carbon) Filter
Plug & Rotate GAC (Granule Active Carbon) Filter
Plug & Rotate Post Carbon Filter
Membrane Filter
Lux Faucet
2,2 Gallon (8 Liters) Stainless Steel Tank

KRS-34

Product code
108691008

Properties

* Properties
* 10" Sediment Filter
* 10" GAC (Granule Active Carbon) Filter
* 10"Block Carbon Filter
* Membrane Filter
* Inline Post Carbon Filter
* Lux Faucet
* 3,2 Gallon (12 Liters) Stainless Steel Tank
* Quick Fittings

Pumpless Version
Product code
108691031

* 2 ½" Inline Sediment Filter
* 2 ½" Inline GAC (Granule Active Carbon) Filter
* 2 ½" Inline Sediment Filter
* Membrane Filter
* Inline Post Carbon Filter
* Lux faucet
* 2,2 Gallon (8 Liters) Stainless Steel Tank
* Quick Fittings

Pump Version
Product code
108691034

* 2 ½" Inline Sediment Filter
* 2 ½" Inline GAC (Granule Active Carbon) Filter
* 2 ½" Inline Sediment Filter

5 MICRON

SEDIMENT FILTER CARTRIDGE

5 Micron (5UM)

Polypropylene filter for removal of sand, silt, dirt, rust and rust particles. For water use only. Maximum water.

CAUTION

For optimizing proper application, do not use where the water is microbiological unsafe or with water of unknown quality without adequate disinfection before or after the unit. This cartridge will not remove chemicals or disinfect water.

WARNING!

Do not install in an explosive environment. Plastic wrap may create sparks. Micron rating is nominal.

UDF FİLTER

GRANULAR ACTIVATED CARBON FILTER

UDF filter it reduces odor and heterocmatic and reduces chemical redues such as: trihalomethanes, chlorine, bleach, pesticides

Directions for use:

After installig this new cartrigge, pass 5 gallons of tap water through to flush out any carbon fin particle present in the unit.

Use only with microbiologically safe and adequac disinfected water.

Air bubles may will present for the first few days after installation.

In case to keep your filter system operating efficiently, replace this cartridge annually or by the recommendation of your water dealer.

Estimated Service Life: 3500 Gallons

Carbon Block

CTO
Carbon Block filter :

CTO filter it reduces odor and heterocmatic and reduces chemical redies such as: trihalomethanes, chlorine, bleach, pesticides

Directions for use:

After installig this new cartrigge, pass 5 gallons of tap water through to flush out any carbon fin particle present in the unit.

Use only with microbiologically safe and adequate disinfected water.

Air bubles may will present for the first few days after installation.

Please to keep your filter system operating efficiently, replace this cartridge annually or by the recommendation of your water dealer.

Estimated Service Life: 3500 Gallons
